

Philadelphia Urology Associates
Bruce B. Sloane, MD, FACS

I, _____, viewed the vasectomy video at my initial consultation and have received the Pre- and Post-Op Vasectomy instructions.

It has been explained to me that I should consider having sperm cryopreservation (freeze sperm) before my vasectomy since the procedure is irreversible. To ensure protection of your fertility for as long as you need, ask for a Fellow cryopreservation brochure.

Fellow 

- **Best-In-Class.** The lab is CLIA certified and FDA registered.
- **Convenient.** Provide your sample in the comfort of your home and mail it back. Your kit ships for free.
- **Secure.** 24/7 security on samples.
